

2020 Great Sandbagger 5-miler

By Tony Taube

Saturday, August 1, 2020

It was a beautiful morning for the 51st running of the Great Sandbagger race with the temperature at race time in the low to mid- 60s for nearly perfect running conditions. Nine runners participated this year for this annual predicted-time, staggered-start race. Race promotion was kept to a minimum this year to promote social distancing.

Jessy Sorrick took home the traveling Great Sandbagger trophy by crossing the finish line first. Jessy predicted she would finish the race in 43 minutes, but she was ahead of the pace by 1:46 finishing with a time of 41:14. Jessy was also the fastest female runner.

Marc Keys had the fastest actual time at 32:02.

Thanks to Randy Gay and Kathy Lee for assisting with the race. We couldn't have these races without our wonderful volunteers.
